## INDEPENDENT AUDITOR'S REPORT

### Report on the Financial Statements

We have audited the accompanying financial statements of Tony La Russa's Animal Rescue Foundation, a California nonprofit public benefit corporation, which comprise the statements of financial position as of June 30, 2021 and 2020, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Tony La Russa's Animal Rescue Foundation as of June 30, 2021 and 2020, and the results of its operations and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 2 to the financial statements, Tony La Russa's Animal Rescue Foundation adopted the new accounting guidance required by accounting principles generally accepted in the United States of America on revenue recognition. Our opinion is not modified with respect to this matter.

TONY LA RUSSA'S ANIMAL RESCUE FOUNDATION

(A California Nonprofit Public Benefit Corporation)

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2021 AND 2020

**NOTE 1 – ORGANIZATION AND NATURE OF ACTIVITIES**

Tony La Russa's Animal Rescue Foundation (ARF) was incorporated in California in June 1991 as a nonprofit public benefit corporation for the purpose of ensuring humane treatment to domesticated animals and to bring people and animals together to enrich each other's lives.

ARF provides rescue, veterinary medical care, population control services and adoption services for homeless cats and dogs; veterinary medical services and pet food sharing for low-income families as well as low cost spay/neuter programs for the community; community outreach programs for children and teens promote the human/animal bond with a focus on those attending Title One schools as well as visits to people with disabilities or illness and adoptions for military veterans (Pets and Vets program).

Commencing in 2018, ARF, through the Pets and Vets program, initiated a capital campaign to solicit contributions for the construction of a Pets and Vets Center in Walnut Creek, California to serve as a safe space for veteran-dog teams to gather, learn, train, and socialize with group and simulated home training rooms, program offices, kennels and other gathering space. Construction planning, including drafting architectural plans and obtaining permits, began in 2017 and construction began in 2019. Capital campaign contributions earmarked for the Pets and Vets Center were presented as restricted contributions until the building was placed in service in April 2021. The capital campaign was completed during the year ended June 30, 2020 and the remaining restricted net assets were transferred to the Pets and Vets program, see Note 11.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Accounting Method

ARF uses the accrual method of accounting, which recognizes income in the period earned and expenses when incurred, regardless of the timing of payments.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Basis of Presentation

ARF reports information regarding its financial position and activities according to two classes of net assets, as applicable: net assets without donor restrictions and net assets with donor restrictions.

- Net assets without donor restrictions include those assets over which the Board of Directors has discretionary control in carrying out the operations of ARF.
- Net assets with donor restrictions include those assets subject to donor restrictions and for which the applicable restrictions were not met as of the end of the current reporting period. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. When a donor restriction expires – that is, when a stipulated time restriction ends or purpose restriction is accomplished – net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as *net assets released from restrictions*. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates the resources be maintained in perpetuity.

TONY LA RUSSA'S ANIMAL RESCUE FOUNDATION

*(A California Nonprofit Public Benefit Corporation)*

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2021 AND 2020

*Cash, Cash Savings, Cash Restricted for Capital Campaign and Cash Equivalents*

Cash is defined as cash in demand deposit account as well as cash on hand. Cash restricted for the Capital Campaign is defined as cash reserved to be expended for capital campaign purposes. ARF occasionally maintains cash on deposit at a bank in excess of the Federal Deposit Insurance Corporation limit. The uninsured cash balance was approximately \$114,000 as of June 30, 2021. In addition, ARF occasionally maintains cash and investments at a brokerage firm in excess of the Security Investor Protection Corporation limit of \$500,000. ARF has not experienced any losses in such accounts.

Cash equivalents are highly liquid investments that are readily convertible to known amounts of cash. Generally, only investments with original maturities of three months or less qualify as cash equivalents.

*Revenue Recognition*

*Contributions:*

Contributions are recognized as revenue when they are unconditionally communicated. Contributions consist principally of donations from individuals and other organizations. Contributions are recorded at their fair value as support without donor restrictions or support with donor restrictions, depending on the absence or existence of donor-imposed restrictions as applicable. When a restriction expires (that is when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. If donors' restrictions are satisfied in the same period that the contribution is received, the contribution is reported as support without donor restrictions.

*Promises to Give:*

Unconditional promises to give are recognized as contribution revenue in the period received. Conditional promises to give are recognized when the conditions on which they depend are substantially met.

Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in more than one year are recorded at fair value, which is measured as the present value of their future cash flows. The discounts on those amounts are computed using risk-adjusted interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contribution revenue.

*Contributions of Long-Lived Assets:*

Gifts of long-lived assets, such as equipment, are reported as unrestricted net assets support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire or construct long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

*Contributed Services and Donated Investments:*

Contributed services are stated at their estimated fair value, if ordinarily purchased and of a specialized nature.

Donated investments and other noncash donations are recorded as contributions at their fair values at the date of donation.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2021 AND 2020

Revenue from Contracts:

In 2021, ARF adopted the new accounting standard required by accounting principles generally accepted in the United States of America that affects the recognition of revenue. Analysis of various provisions of the new accounting standard resulted in no significant change in the way ARF recognizes revenue, and therefore no changes to the previously issued audited financial statements were required on a retrospective basis. The presentation and disclosures of revenue have been enhanced in accordance with the standard.

Program fees, including adoption and clinic fees among other programs, and retail sales are primarily comprised of an exchange element based on the value of benefits provided and are recognized as revenue when the related performance obligations are satisfied. Performance obligations represent the specified services provided to customers under such contracts and generally consist of a single performance obligation which is satisfied when the service is provided or the event has occurred.

Deferred Revenue

Deferred revenue primarily includes advance fees received in connection with a contract with Purina for advertisement and media appearances and other funds received in advance for programs in subsequent fiscal years. Revenue will be recognized over the period in which the related performance obligations are satisfied.

Accounts Receivable

Accounts receivable represents amounts billed but not yet collected for services provided. ARF records an allowance for doubtful accounts based on a review of outstanding accounts receivable, historical collection information, and existing economic conditions. The allowance for doubtful accounts was \$313 and \$2,451 as of June 30, 2021 and 2020, respectively.

Pledges Receivable

Pledges receivable are recorded as support when the pledge is unconditionally communicated. All pledges are valued at their estimated net present value at June 30, 2021 and 2020 and are deemed fully collectible. Accordingly, no allowance for uncollectible pledges has been provided.

Inventory

Inventory consists of purchased and donated items for auction or resale and are recorded at cost or fair value at the date of purchase or donation, respectively. Memorabilia items are discounted by 50% to approximate the lower of cost or market based on the estimated fair market value of the items. Goods donated to the thrift shop are not reflected in the financial statements since no objective basis is available to measure their values.

Intangible Assets

Intangible assets consist of a donated suite license agreement which is recorded at fair value and amortized on a straight-line basis over the 15-year term of the lease. The donated suite lease is reviewed for impairment at least annually.

In 2020, ARF adopted the accounting guidance under FASB ASU 2020-07, *Not-for-Profit Entities (Topic 958): Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*. The guidance requires contributed non-financial assets be segregated from cash and other financial assets on the statements of activities and requires qualitative disclosures including: (a) whether the asset was monetized or utilized during the reporting period, and if utilized a description of the programs or activities in which those assets were monetized or used; (b) a policy, if any, about whether to monetize the contributed nonfinancial asset rather than utilize the asset; (c) a description of any donor-imposed restrictions; (d) the valuation techniques and inputs used to arrive at a fair value measurement and (e) the principal market used in determining a fair value measure if the market is one in which a donor-imposed restriction prohibits ARF from selling or using the contributed nonfinancial asset.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2021 AND 2020

*Beneficial Interest in Assets Held by the Trustee*

Beneficial interests in assets held by the Trustee are recorded with or without donor restrictions dependent on the existence of donor-imposed restrictions. Beneficial interest in assets held by the Trustee are reported at fair value and changes in the value of the beneficial interest are reported as contribution income.

*Investments*

Investments consist of money market funds, exchange traded funds, bond funds, equities, and equity funds, and are reported at fair value in the statements of financial position. Realized and unrealized gains and losses on investments are included in net investment return including endowment funds in the statements of activities. Investment income and gains or losses are reflected as increases or decreases in the net assets without donor restrictions if the restrictions are met (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the investment income and gains or losses are recognized.

Under accounting principles generally accepted in the United States of America, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants at the measurement date.

Accounting principles generally accepted in the United States of America establish a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of ARF. Unobservable inputs, if any, reflects ARF's assumption about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 – Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that ARF has the ability to access at measurement date. Valuation adjustments and block discounts are not applied to Level 1 securities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Level 2 – Valuations based on significant inputs that are observable, either directly or indirectly or quoted prices in markets that are not active, that is, markets in which there are few transactions, the prices are not current or price quotations vary substantially either over time or among market makers.

Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The availability of valuation techniques and observable inputs can vary from investment to investment and is affected by a wide variety of factors, including the type of investment, whether the investment is new and not yet established in the marketplace, and other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Those estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined. Because of the inherent uncertainty of valuation, those estimated values may be materially higher or lower than the values that would have been used had a ready market for the securities existed.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2021 AND 2020

Property and Equipment

Property and equipment are stated at cost of acquisition or construction. Donated property and equipment are recorded at their estimated fair market values at the date of donation. The costs of maintenance and repairs below \$5,000 that neither significantly add to the permanent value of property nor prolong its intended useful life is charged to expense as incurred. Depreciation of property and equipment is computed using the straight-line method over the estimated useful lives of the respective assets.

The useful lives of the assets are estimated as follows:

Building and improvements	various to 39 years
Furniture and fixtures	5 to 7 years
Vehicles	3 to 10 years
Machinery and equipment	3 to 5 years
Website development costs	10 years
Leasehold improvements	7 years

The cost and accumulated depreciation of assets sold or retired are removed from the respective accounts and any gain or loss is reflected in the statements of activities.

Construction in Progress

ARF incurred various costs during the construction period of the new Pets and Vets Center. Such costs include architectural fees to draft plans, permits, and construction management fees, as well as construction costs. ARF recorded these costs as assets (construction in progress) until the Pets and Vets Center was placed in service in April 2021. Construction in progress is not depreciated until the completion of the construction.

Advertising and Promotion Costs

Advertising and promotion costs are generally recorded as expenses when the cost is incurred. Such costs totaled \$139,364 and \$108,339 for the years ended June 30, 2021 and June 30, 2020, respectively.

Income Taxes

ARF is exempt from federal income taxes under section 501(c)(3) of the Internal Revenue Code and the related California code sections.

ARF believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements. ARF's federal and state information returns for the years 2017 through 2020 are subject to examination by regulatory agencies, generally for three years and four years after they were filed for federal and state, respectively.

Functional Expenses Allocation

The costs of providing program services and supportive services have been summarized on a functional basis in the statements of activities and statements of functional expenses. Salaries and related expenses are allocated based on the actual time spent by employees on various activities. Occupancy and general expenses are allocated based on space usage by each function. Accordingly, certain costs are allocated among program services and supporting services based on estimates of employees' actual time incurred and on usage of resources. Directly identifiable expenses are charged to programs and supporting services.

Fundraising Cost

Fundraising costs are generally recorded as expenses when the fundraising event takes place which include costs associated with marketing, special events and grant writing. Such costs totaled \$711,971 and \$881,887 for the years ended June 30, 2021 and June 30, 2020, respectively, of which \$180,646 and \$314,772, respectively, was related to special events. The balances of \$531,325 and \$567,115 at June 30, 2021 and June 30, 2020, respectively, have been reported as fundraising expenses in the statements of activities.

Subsequent Events

Management has evaluated subsequent events through February 14, 2022, the date on which the financial statements were available to be issued.

**NOTE 3 – PLEDGES RECEIVABLE**

Pledges receivable at June 30, 2021 and 2020 were expected to be collected in the following periods:

	2021	2020
In one year or less:		
Capital campaign	\$ 609,150	\$ 867,545
Operations	776,479	5,000
Total in one year or less	1,385,629	872,545
Between one to five years:		
Capital campaign	90,000	582,600
Operations	60,000	5,000
Total between one to five years	150,000	587,600
Total pledges receivable	1,535,629	1,460,145
Present value discount	(6,532)	(37,171)
Total	\$ 1,529,097	\$ 1,422,974

At June 30, 2021 and 2020, the discount rate was 3.25% based on the federal prime rate in both years.

The capital campaign pledges are related to ARF's construction of a Pets and Vets Center that serves as the national headquarters for shelter to service dog training. The goal of the Center is to pair service dogs with Veterans who are struggling to readjust to civilian life due to service related mental health conditions including post-traumatic brain injury, depression and anxiety.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2021 AND 2020

**NOTE 4 – INVESTMENTS**

ARF’s investment funds are managed by a third-party financial advisor. Based on the fund’s time horizon, risk tolerance, performance expectations, and asset class preferences, an optimal portfolio was identified. ARF’s financial advisors shall pursue a “Diversified Market-Neutral Strategy,” consistent with proven investment practices. Consequently, the strategic asset allocation of the fund assets shall be as follows until ARF’s board and its financial advisors elect to pursue an alternative strategy:

- Mid/Small and Large Capitalization Equity at 42%
- International equity at 18%
- Taxable bonds at 40%.

The funds are rebalanced at least on an annual basis to ensure that the funds are adhering to ARF’s investment objectives:

- Objective #1: To obtain the highest level of return for the Investment Committee’s desired level of risk in a manner prudent for a non-profit foundation.
- Objective #2: To limit risk exposure through diversification of asset classes and investment vehicles within asset classes.
- Objective #3: To establish policies based on total return rather than current income. This provides the greatest investment flexibility and therefore greatest opportunity for growth of assets.
- Objective #4: To maintain the purchasing power of the fund by achieving appropriate inflation-adjusted returns. The Investment Committee desires to maintain the level of services in relation to average cost increases. This requires establishing a spending rate of no more than 7%.
- Objective #5: Apply a smoothing rule to mitigate the effects of short-term market volatility on spending.
- Objective #6: To control the costs of administering and managing the fund.

Investment balances have been presented as follows on the statements of financial position:

	2021	2020
Cash restricted for capital campaign	\$ -	\$ 7,242,319

Board designated endowment funds

ARF's Board Investment Committee provides fiduciary oversight of financial reserves to ensure the long-term financial stability of the Organization and the ability to survive serious and/or unexpected negative events. Annual contributions to the board designated endowment fund will consist of bequests in excess of budget, determined annually, and \$1,500,000 for the year ended June 30, 2021. With that goal in mind, the Board of Directors has designated endowments of \$43,259,617 and \$32,937,176, at June 30, 2021 and 2020, respectively, which are held in ARF's investment accounts and designated for future general programs and operations.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2021 AND 2020

During the year ended June 30, 2021, ARF was named a 10% beneficiary of certain assets which are held by a third-party trustee (the Trustee) for the benefit of ARF, and which are currently invested in money-market funds, equities and fixed income securities. The Trustee is authorized in its discretion to use the principal and income of the trust for the payment of any legally enforceable obligations or costs in the administration of the estate. These assets will be held by the Trustee until 2049, at which time ARF's 10% beneficial interest in the remaining assets will be distributed to ARF. ARF reports its 10% beneficial interest in the assets held by the Trustee at fair value net of a present value discount in the statements of financial position and reports changes in the value of the beneficial interest as contribution income in the statements of activities. As of June 30, 2021, the discount rate applied was 3.25% based on the federal prime rate.

ARF's beneficial interest of assets held by the Trustee, which are recorded at fair value, are as follows, at June 30, 2021:

	2021		2020	
	Cost	Significant Other Observable Inputs (Level 2)	Cost	Significant Other Observable Inputs (Level 2)
Beneficial interest in cash held by the Trustee – without donor restrictions	\$ 94,532	\$ 94,532	\$ -	\$ -
Beneficial interest in investments held by the Trustee – without donor restrictions	215,069	269,390		
	<u>\$ 309,601</u>	<u>\$ 363,922</u>	<u>\$ -</u>	<u>\$ -</u>

The beneficial interest in assets held by the Trustee was comprised of the following at June 30, 2021:

Beneficial interest in assets held by the Trustee	\$ 527,186
Present value discount	<u>(163,264)</u>
Total	<u>\$ 363,922</u>

ARF is entitled to annual distributions of income based on the change in the fair value of the beneficial interest in the assets, which totaled \$31,504 for the year ended June 30, 2021, and is included in contribution income in the accompanying statements of activities. Furthermore, the Trustee can make additional distributions in its sole discretion.

Contribution income recognized from the initial contribution of the beneficial interest in the trust assets for the year ended June 30, 2021, amounted to \$332,418.

The beneficial interest in assets held by the Trustee has been valued, as a practical expedient, at the fair value of ARF's share of the Trustee's investment pool as of the measurement date, utilizing valuations provided by the Trustee and discounted as applied.

Construction in Progress

To fund the construction of the Pets and Vets Center, a capital campaign commenced in 2018 and concluded in 2020. Planning for the Pets and Vets Center was initially started in 2017 with commencement of construction occurring in 2019. The Center was completed and placed-in-service in April 2021.

Construction in progress totaled \$1,100 and \$7,973,568 as of June 30, 2021 and 2020, respectively.

**NOTE 6 – INVENTORY**

Inventories are summarized as follows:

	2021	2020

**NOTE 7 – INTANGIBLE ASSET**

In December 2019, a donor contributed the rights to a prepaid luxury box-suite on the Owner's Suite Level of the San Francisco 49ers football stadium in Santa Clara, California. No purpose or use restrictions were attached to the donation. The prepaid suite, under terms of a Suite License Agreement and Assumption Agreement (Agreement), included an initial 20-year term covering the period from March 1, 2014 through February 28, 2034. Due to COVID-19, and ARF's inability to utilize the benefits set forth in the Agreement for the year covering March 1, 2020 through February 28, 2021, the lessor extended the contract term through February 28, 2035 for no further consideration.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2021 AND 2020

The Agreement was recorded at its fair value at date of donation as determined by an appraisal performed specifically for such purpose. The Agreement was valued at \$4,270,811 at date of donation and is amortized on a straight-line basis over the remaining contract term of approximately 15 years.

	<u>2021</u>	<u>2020</u>
Intangible asset, cost	\$ 4,270,811	\$ 4,270,811
Accumulated amortization	<u>(450,808)</u>	<u>(166,087)</u>
Total	<u>\$ 3,820,003</u>	<u>\$ 4,104,724</u>

ARF reviews the Agreement for impairment whenever events or changes in circumstances indicate that the carrying value of such asset may not be recoverable. Impairment is measured by a comparison of the net carrying amount of the asset to the value of the suite based on the value of comparable suites in comparable stadiums, use of the suite for scheduled events, the performance of the 49ers football team, the opportunity to list the suite on the open market, and other relevant factors. If the asset is considered to be impaired, the impairment to be recognized is measured at the amount by which the carrying amount of the asset exceeds the fair value of such asset. There were no impairment losses recognized in 2021 or 2020.

ARF accepted the donated stadium suite lease with the intent to use the luxury-suite to provide entertainment to donors, employees, volunteers and other associated individuals and organizations that help to promote and sustain ARF's mission, fundraising goals and program objectives. ARF also intends to monetize the asset through short-term rental and possible sale of the suite lease agreement. During the year ended June 30, 2020, ARF recognized \$67,000 of suite lease income, which is included in other revenue in the statements of activities. No suite lease income was recognized during the year ended June 30, 2021. Any transfer or sale of the agreement cannot be made without the approval of Forty-Niners SC Stadium Company LLC, the licensor. ARF will assess its ability to sell the suite once the stadium is allowed to resume normal operations.

**NOTE 8 – CONDITIONAL PROMISES TO GIVE**

ARF periodically receives conditional grants that require grantors' approval of progress toward milestones set forth in the grant agreements. Revenue is recognized upon meeting the specified condition(s). At June 30, 2021 and 2020, there were no conditional grants with balances not yet recognized as revenue.

**NOTE 9 – LINE OF CREDIT**

ARF has a \$350,000 revolving line of credit with a bank, which bears interest at 0.5% over the bank's prime rate, which approximated 3.25% at both June 30, 2021 and 2020, and is secured by substantially all assets of ARF. Effective August 19, 2021, the maturity date of the loan was extended to August 5, 2022. No amounts were outstanding in connection with the respective line of credit as of June 30, 2021 and 2020.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2021 AND 2020

**NOTE 10 – PAYCHECK PROTECTION PROGRAM**

On April 25, 2020, ARF received loan proceeds of \$781,570 from a promissory note issued under the Paycheck Protection Program (“PPP”) which was established under the CARES Act and is administered by the U.S. Small Business Association (SBA). The term of the loan is for two years, with an annual interest rate of 1%, and specified monthly principal and interest payments of \$43,983. Under current SBA guidance, payments of principal and interest are deferred for the first ten months of the loan after the covered period, defined as the twenty-four week period beginning upon receipt of the PPP loan funding. However, if a loan forgiveness application is submitted within the ten-month deferral period, the deferral period will end on the earlier of: a) the date the SBA remits the approved loan forgiveness amount to the lender, or b) if no loan forgiveness is allowed then the date the SBA provides notice of that fact to the lender. Accordingly, given the submission of the application for loan forgiveness, no payments are due until the forgiveness is either approved or denied. If denied, all remaining principal and accrued interest are payable in April 2022. Under the terms of the CARES Act, PPP loan recipients can apply for and be granted forgiveness for all or a portion of the loan proceeds granted under the PPP. Such forgiveness will be determined based on the use of the loan proceeds for payroll costs, rent and utility expenses and the maintenance of workforce and compensation levels with certain limitations.

The proceeds from the PPP loan have not been recognized as debt forgiveness as of June 30, 2021 or 2020 as the request for forgiveness was approved in November 2021. Management was granted forgiveness of the loan and accrued interest in full. Interest expense incurred for the period ended June 30, 2021 and 2020 was \$7,816 and \$1,303, respectively, of which \$9,119 and \$1,303 was outstanding at June 30, 2021 and 2020, respectively.

Principal payments on notes payable for the next five years are subject to approval of the terms of forgiveness, as stated above, which is a contingency that cannot be reasonably estimated.

**NOTE 12 – ENDOWMENTS**

ARF's endowment net assets consist of funds whose corpus is to remain intact and includes those assets of donor-restricted funds that ARF must hold in perpetuity and board designated endowment funds. As required by GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

ARF has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding of programs supported by its endowment while also maintaining the purchasing power of the endowment assets, assuming an average inflation rate of 2.5%. In establishing this policy, ARF considered the long-term expected investment return on its endowment assets. Approved by its Board of Directors, endowment assets are invested in a manner that is intended to produce results that exceed the respective benchmark while assuming a moderate level of investment risk. Accordingly, over the long term, ARF expects its endowment assets, over time, to produce the highest level of return, net of investment fees, for the desired level of risk. Actual returns in any given year may vary from this amount.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2021 AND 2020

The Board of Directors of ARF has full authority and plenary power to manage, invest and reinvest any principal of the fund and any increase or accumulations to it and any income from it; however, the Board of Directors has a fiduciary duty to maintain the corpus of the donor-restricted endowment fund.

Board designated endowment funds

ARF's Board Investment Committee established the board designated endowment fund provide future financial stability and use towards its programs and general charitable purpose.

Donor-restricted endowment funds

ARF has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA), signed into law in California in 2008, as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, ARF classifies as net assets with donor restrictions (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

ARF considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the fund, (2) the purpose of ARF and the donor-restricted endowment fund, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation and depreciation of investments, and (6) the investment policies of ARF.

In the absence of donor restrictions, the net appreciation on a donor-restricted endowment fund is spendable without purpose restriction. Through June 30, 2021, ARF received one endowment (in 2005), of which the earnings on the corpus balance of \$1,612,549 are restricted as to use. The ARF donor indicated that the use of the investment income, including net appreciation, resulting from the donor-restricted endowment funds should be used by ARF exclusively for charitable purposes for the well-being, advancement, preservation and care of small animals in California, with particular emphasis given, but not limited to, dogs and cats and also may be used, but are not limited to, veterinary care, particularly including spaying and neutering, preservation, rescue and placement.

The Board of Directors established a spending rate of no more than 7% of the average annual fair value of the investment balance of the endowment funds for the prior two fiscal year ends. In establishing this policy, ARF considered the long-term expected return on its endowment assets, the nature and duration of the endowment funds, all of which must be maintained in perpetuity because of donor restrictions and possible effects of inflation. Accordingly, over the long term, ARF expects their spending policy to allow its endowment to grow at a rate exceeding expected inflation. In the event that the endowment were underwater, the spending rate would be 0%.

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor requires ARF to retain as a fund of perpetual duration. Deficiencies of this nature are reported in net assets with donor restrictions and generally result from unfavorable market fluctuations that occur shortly after the investment of new contributions with donor restrictions and continued appropriation for certain programs that were deemed prudent by the Board. Subsequent gains that restore the fair value of the assets of the endowment fund to the required level are classified as an increase in net assets with donor restrictions. There were no aforementioned deficiencies at June 30, 2021 and 2020.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2021 AND 2020

**NOTE 15 – DONATED GOODS AND SERVICES**

ARF relies heavily on donated goods and services to operate its adoption center and thrift store. A substantial number of unpaid volunteers have made significant contributions of times to ARF. For the years ended June 30, 2021 and June 30, 2020, volunteers donated approximately 45,571 and 69,263 hours to ARF, respectively. These hours included approximately 41,344 and 26,697 hours of foster care for animals, respectively. No amounts have been reflected in the financial statements for donated services since no objective basis is available to measure their value.

Contributed goods are included in the financial statements at their fair value where an objective basis of measurement is available. Such donated goods for the years ended June 30, 2021 and June 30, 2020 were reported as contributions of \$500,849 and \$511,838 respectively, with offsetting assets and expenses recorded in the corresponding categories as follows: program services \$374,228 and \$306,517, fund raising \$126,621 and \$205,321, and supporting services \$-0- for the years ended June 30, 2021 and June 30, 2020, respectively.

**NOTE 16 – COMMITMENTS AND CONTINGENCIES**

Thrift Store Lease

The ARF thrift store operates from the Market Street Park and Shop Center in Concord, California, under an operating lease which expires on November 30, 2021. In July 2021, the operating lease was extended with a new expiration date of November 30, 2023. Under the terms of the lease agreement, the base rent increases annually by 3% to 5%. The rental expense under this operating lease agreement for 2021 and 2020 was \$105,939 and \$101,869, respectively.

Other Leases

ARF also has several other non-cancellable operating lease arrangements for equipment and an operating lease for its storage unit that is currently leased on a month-to-month basis. The rental expense under other operating lease agreements for 2021 and 2020 totaled \$35,609 and \$42,755, respectively.

The estimated future minimum lease payments for the non-cancellable operating leases are as follows:

	<u>Year Ending June 30,</u>

**NOTE 18 – LEGAL CLAIMS AND ASSERTIONS**

ARF has been named in civil actions related to employment practices. Those claims are being evaluated by legal counsel. It is indeterminate whether such claims may result in any liability. ARF maintains insurance coverage with respect to such claims, and management believes such coverage is sufficient to cover legal costs and provides specified coverage should a liability determination be made.

**NOTE 19 – COVID-19 PANDEMIC**

The emergence and spread of the coronavirus (COVID-19) beginning in the first quarter of 2020 has affected businesses and economic activities in the US and beyond. The extent of the impact of COVID-19 on ARF's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, the effects on supply chains, service providers, business partners, and changes in business practices, all of which are uncertain and cannot be determined at this time.
